

House Portraits

Pencil house portraits from Angelkin Cards are a wonderful addition to any home.....

What is required? House portraits:

- Recent, high quality photographs of the property to be drawn – to be emailed to hayley@angelkincards.co.uk.
- You may alternatively find the image of the house on Google Maps.
 - Go to Google.com, then maps & enter the address.
 - Under 'More', click on the Street View option, using the pointers to find the property. On reaching the house and getting a good angle, click the "Print" icon (to the left of the image next to a 'Link' icon.)
 - Another window then opens with the view - copy the html link for this window and paste into an email to hayley@angelkincards.co.uk. Please send the link from the Print window and not the Street View window.
 - NB. Google Street View is not available for all properties.
- Ensure nothing obstructs the view of the home (eg. Cars / trees / hedges), unless of course you would like trees / hedges included. If the owner has a love of flowers / plants and you would like some greenery or subtle coloured flowers added, advise at booking stage of favourite colours.
- Advise at booking stage of the wording you require on the print. For example, a short saying/verse or the family name.

House & family portraits:

- These are a different cost to the house portrait alone.
- If you would like the family drawn outside the home, Hayley requires recent, high quality photographs of each person to be included. Hair styles should be current and faces clearly visible.
- Approximate heights of each person.
- Any favourite colours or colours they dislike.
- Favourite styles of clothes or clothes they dislike (eg. V-neck tops / preference for sleeved tops / shirts / polo shirts).
- The family are represented as Angelkin caricatures, with big smiley faces, and are not traditional portraits. See www.angelkincards.co.uk or Facebook for many samples.

Information:

- On placing your order, a completion time will be discussed.
- Payment is upfront.
- The illustration is drawn by hand, scanned and finally subtle colours added. The print you receive is not the original drawing.
- A sample proof of the drawing is emailed to you, prior to print. Minor amendments can be made; but any significant changes which are vastly different from the original instruction, will be charged for.
- Prints come on high quality art paper and are mounted. The image is approx. 10x8 inches and the mount has an outer frame size of 12x10 inches. If you require a smaller sized print, let Hayley know prior to printing. Please note that a mount is not provided for smaller sizes.
- Prints will be portrait or landscape depending on what best suits the image.

Amendments:

Minor amendments such as colour & small alterations are possible.

For more major amendments (such as a request for additional detail to the building / garden or different clothing), Hayley will advise extra costs.

No amendments can be made once the sample proof is signed off.

Prices:

House portrait (house alone, detailed, in pencil, mounted)	£85.00
House with family of two to four people outside	£115.00
House with family of five to six people outside	£130.00

NB. Pets are classes as a family member.

Other notes:

Price includes: One mounted print.

Postage & packaging is £4.00 (recorded second class).

You may collect if local to Elderslie.

If you would like extra prints, these are mounted & are £12 each. (Image size 10x8, outer mount size 12x10).

If you would like a card created from the same image, these are £2.50 or £25.00 for 30 cards – Ideal as note cards and thank you cards all year round.

Some periods such as Oct-Dec reach capacity fast.

You may book in advance, payment is required upfront – an invoice will be emailed upon booking.

Framing is not available from Angelkin Cards, but the print is mounted and fits a widely available 12x10 inch frame.
